

health care for underprivileged populations, providing them with free dental services in & around Shivamogga district. These initiatives involve dental health education, free screenings, and distribution of dental care supplies like toothbrushes and toothpaste & providing basic dental treatments. Educational programs were held in schools, local health centers, or community halls, where our institution staff, PGs & interns teach the importance of proper brushing techniques, diet, regular dental check-ups & overall dental health. Institutions may also organize outreach programs targeting underserved populations, providing them with affordable or free dental services. Such activities enhance community awareness, improve oral health outcomes, and reduce the burden of preventable dental conditions.

Objective:

- To create awareness about oral health among the public.
- To provide comprehensive & free dental services.
- To provide dental services to the underprivileged population.
- To promote community learning among the students.

Report:

- Department of PHD have organized various school & community programs in the year 2023-24. A fully equipped mobile dental van is used to provide the comprehensive treatments to all the patients in the camps. Mobile dental van has 2 working dental chairs with compressor & in-built water tank, 2 portable dental chairs with compressor, 1 portable x-ray & TV, audio unit. Additionally, it has autoclave, emergency kit and basic dental instruments. During the camps oral health education talk is given by the faculty & PG's. Also, basic dental procedures like simple extractions, simple CL I, CL II cervical abrasion restoration & scaling is performed.

INSTITUTIONAL BEST PRACTICES

BEST PRACTICE I:

COMMUNITY ORAL HEALTH OUTREACH ACTIVITY

Subbaiah institute of dental sciences has taken initiative to provide comprehensive oral health care for underprivileged populations, providing them with free dental services in & around Shivamogga district. These initiatives involve dental health education, free screenings, and distribution of dental care supplies like toothbrushes and toothpaste & providing basic dental treatments. Educational programs were held in schools, local health centers, or community halls, where our institution staff, PGs & interns teach the importance of proper brushing techniques, diet, regular dental check-ups & overall dental health. Institutions may also organize outreach programs targeting underserved populations, providing them with affordable or free dental services. Such activities enhance community awareness, improve oral health outcomes, and reduce the burden of preventable dental conditions.

Objective:

- To create awareness about oral health among the public.
- To provide comprehensive & free dental services.
- To provide dental services to the underprivileged population.
- To promote community learning among the students.

Report:

- Department of PHD have organized various school & community programs in the year 2023-24. A fully equipped mobile dental van is used to provide the comprehensive treatments to all the patients in the camps. Mobile dental van has 2 working dental chairs with compressor & in-built water tank, 2 portable dental chairs with compressor, 1 portable x-ray & TV, audio unit. Additionally, it has autoclave, emergency kit and basic dental instruments. During the camps oral health education talk is given by the faculty & PG's. Also, basic dental procedures like simple extractions, simple CL I, CL II cervical abrasion restoration & scaling is performed.

BEST PRACTICE II:

FACULTY DEVELOPMENT PROGRAM

Subbaiah institute of dental sciences conducted FDP for the teaching faculties in 2023-24. This program aimed at enhancing the skills, knowledge, and teaching effectiveness of educators. The programs focused on both pedagogical and professional development, offering workshops, training, and seminars on topics such as modern teaching techniques, research methods, curriculum design, and technological integration in education. By participating in these programs, faculty members can enhance their teaching strategies, improve student engagement, and contribute to the overall academic growth and success of their institution.

Objectives:

- To enhance teaching skills to improve teaching & student engagement.
- To incorporate technology into teaching.
- To foster continuous learning to keep updated with evolving educational trends
- To encourage collaboration through networking & knowledge sharing.
- To improve assessment methods to evaluate the students.

Report:

Our institution conducted 2 faculty development program- PRO QIT master training workshop for all the teaching faculties in collaboration with RAATI unit, RGUHS. The program was conducted on 1/03/2024 & 27/03/2024 in lecture hall-2, Subbaiah institute of dental sciences. Dr. Suma M S & Dr. Shruthi D K were selected as trainer by RAATI, director for the program. There was a total of 58 staff members trained in this workshop. There was a pre test conducted before the commencement of the workshop to know the knowledge level of the teachers. Seminars on modern teaching methodology, question paper blueprint, assessment methods were given by the trainers.
